

Fit for a World Champion!

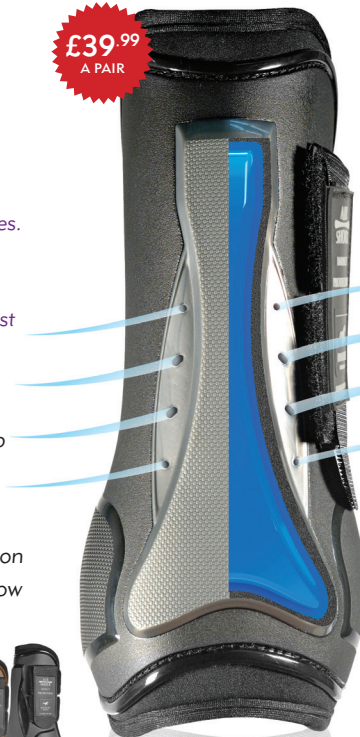

"I use the KM Elite Air Shock tendon and fetlock boots on all my competition horses. The innovative air cushion technology and special hardness impact areas give protection and support where needed. In my opinion these are the best and most affordable brand on the market today."

Philippe Le Jeune
Show Jumping World Champion 2011

- Innovative air cushion and extra thick strike areas absorb impact to protect the tendons and fetlocks
- Durable, lightweight technology helps performance
- Dual hardness outer shell with specially designed strike areas to accommodate air cushions for ultimate protection
- Perforated neoprene and vented outer shell to help air flow and provide an exit for heat to aid cooling
- Double locking Velcro™ straps for extra security
- Certified German quality BASF® TPU, fetlock conforms to FEI rules for young horses
- Colours available: Black, Brown and **NEW** for 2012 Black/Graphite, White and new hind pressure boots coming soon!
