LEADING THE WAY

www.kmeliteproducts.co.uk

At KM Elite we pride ourselves on manufacturing and distributing the highest quality products. Each product is carefully tried and tested before going on the market. We stock a wide range of products from yard essentials and supplements to headcollars and tack. We have recently launched the new ProMesh boot range, HiGrip glove range and Primera leatherwork range.

Karl Middleton
MD of KM Elite Products

KM Elite Products have been manufacturing and distributing a wide range of high quality products for over 20 years.

We are continually expanding our product range and are pleased to release our new Pro Mesh Boot collection, HiGrip Glove collection as well as many additions to our signature product lines.

We are proud to have a large, growing network of sponsored riders and Brand Ambassadors who proudly use our products.

Check our Facebook page regularly to hear the latest news, competition results and also for our latest promotions.

Our Brand Ambassadors are from all disciplines; from racing to pony club, representing the broad range of products that we manufacture and sell.

BOOTS AND BANDAGES

Pro-Mesh Boot Features

Breathable

The Pro Mesh integrated layer is breathable and offers superior airflow, but stops sand and dirt passing through the outer layer avoiding rubbing and grazing.

Protects, supports, flexible

Pro Mesh provides excellent impact and abrasion protection. It is designed to stretch slightly to allow movement in the joints offering outstanding comfort.

Lightweight

The unique hexagonal holes reduce weight but offer strength, flexibility and air flow to cool and allow the legs to breathe.

Water resistant

The Pro Mesh shell and comfort lining do not absorb water which can increase weight and may contribute to boots slipping.

Durable

Extremely tough and tear resistant, our unique manufacturing process means no adhesives are used during production, increasing strength and durability.

Comfort foam lining

Offers a glove-like fit, the naturally hypoallergenic polyolefin closed cell foam is perforated for air flow. Resists mould and bacteria growth, perfect for horses with sensitive skin.

PEBAX Strike Guard

Our anatomically shaped, light-weight PEBAX strike guard offers exceptional protection as part of a multilayer design. The strike guard is rigid where needed but flexible enough to conform to the horses' legs. Holes in the strike guard allow heat to escape from the flexor tendon area.

Event Boot

Long high quality Velcro to avoid slipping

Variable flex Pro Mesh material

Shaped to avoid rubbing

Flexible Pebax strike guard

The Event boots from our brand new Pro Mesh Collection are made from the unique, superior, protective yet breathable Pro Mesh material with our anti-slip comfort lining.

Colours Black/Electric Blue

Sizes Front: 2 Strap (one size) Hind: 3 Strap (Med), 3 Strap (Large)

“

KM Elite's Hybrid boots from the Pro Mesh Collection are high quality and durable, they are amazing for both competition and everyday use!

Not only do they fit like a glove but they are also super light, resistant and breathable.

Another real bonus is that you clean them under the tap and they dry in no time to use on your next horse.

**Constantin and
Therese Van Rjckevorsel**
International Event Riders

Hybrid Boot

- Contrasting anti-slip foam lining
- Reinforced strike guard
- Variable flex Pro Mesh material
- Fully breathable

Our new ultra lightweight hybrid boot is completely versatile and can be used for all disciplines: dressage, jumping, racing, polo and even turnout.

Colours Black/Electric Blue, White/Black

Sizes 2 Strap (Med) - 120 gr, 3 Strap (Large) - 160 gr

Tendon Boot

- Comfort foam lining
- Close fitting ergonomic design
- Breathable Pro Mesh shell
- Flexible Pebax strike guard

Our brand new Pro Mesh Collection Tendon Boots are made from a unique, superior quality, protective yet breathable material and have our anti-slip comfort lining.

Colours Black/Electric Blue, Black/Black

Sizes One size

Pro-Mesh Over Reach Boot

- Pro Mesh TPU protective outer layer
- Tough rear strike guard, contoured to stay in place
- Shock absorbent inner lining, double locking Velcro™
- 'No-turn' soft button to prevent spinning
- Available with or without ultra soft 100% Merino Lambswool collar for extra comfort and protection
- Machine washable at 30° - dry naturally

Colours Black, White
Sizes S, M, L, XL

Pro-Mesh

KM Elite Air Shock Tendon and Fetlock Boots

Innovative air cushion and extra thick strike areas absorb impact to protect the tendons and fetlocks

Durable, lightweight technology which helps performance

Dual hardness outer shell strike area to accommodate air cushions for ultimate protection

Vented Neoprene liner and outer shell to help air flow and provide an exit for heat to aid cooling

Double locking Velcro™ straps for extra security

Certified BASF®TPU German quality and conforms to FEI rules for young horses

One of the toughest, lightest tendon boots on the market today, KM Elite Air Shock boots are the first choice for many professional show jumpers. These high quality boots are made to competition standards at an affordable price for every rider. The blue areas illustrate air flow through special vents and the air cushion under the strike area.

Colours Graphite, Brown, Black, White

KM Elite Air Shock Pro Hind Boots

Encourages the horse to use their hind legs more effectively and in a more humane way whilst jumping

Strong double locking Velcro™ fastening

Colours Black, Brown

"I use the KM Elite Air Shock tendon and fetlock boots on all my competition horses. The innovative air cushion technology and special hardness impact areas give protection and support where needed. In my opinion these are the best and most affordable brand on the market today."

Philippe Le Jeune
Show Jumping World Champion 2011

Ballistic No-Turn Over Reach Boot

- Tough, durable, protective outer
- Superior quality boot with shock absorbent lining
- 'No-turn' soft nodule to prevent spinning
- Double locking Velcro™ for extra security
- Machine washable at 30° - dry naturally

These tough, hard wearing boots are manufactured using a ballistic nylon material which creates an extremely tough, scratch resistant finish whilst maximizing protection for your horse.

Colours Black
Sizes S, M, L, XL

Ballistic Nylon

Pro-Mesh Lite Boots

Our Pro Mesh Lite boots have been designed to fit comfortably around all shapes and sizes of legs. They are super lightweight and fit like a glove. These versatile boots can be used for schooling, jumping, XC and polo. They are also ideal for hunting as they don't move, rub or slip and can be worn all day!*

*when tested by our riders.

Available in front and hind
 Colours Black/Black and Black/Electric Blue
 Sizes Medium, Large

The Pro Mesh integrated layer is breathable and offers superior airflow, but stops sand and dirt passing through the outer layer avoiding rubbing and grazing.

KM Elite Flexi-Cool Combi Bandage

Our brand new combination bandage combines two innovative fabrics allowing direct application onto the leg for maximum heat absorption and support without causing irritation. 50% breathable, cooling liner to help reduce heat whilst wicking away sweat. 50% open weave four-way stretch fabric for extra cushioning to protect without bulk or irritation.

Don't confuse these with cheaper combination bandages which have simple fleece inneres! The liner fabric in our bandages is especially designed to support and protect while reducing heat build-up and avoiding any uneven pressure on the leg.

Fully washable, set of two.

Colours Black, White
Sizes 290cm Long

Ventilated Neoprene

Skid-Tech Polo Boot

- Strong and stretchy material
- Adjustable Velcro™ fasteners
- Provides ultimate flexibility and protection
- Ventilated Neoprene technology
- Reinforced cup for extra durability and strength
- Protects your horse from sliding and turning burns

Using a breathable, hard-wearing Neoprene, which moulds to the horse whilst allowing heat and moisture to escape, the boot keeps the horse cool and comfortable. Radius cut Velcro™ straps are easier to grip and stretch the boot to gain an optimum fit.

Sizes Standard 13.5" Tall

GEL-EZE Under Bandage

For use in the stable, travelling and in competition. When chilled, the under bandage also acts as an instant cold compress for sore joints and tendons aiding recovery from strenuous exercise and hard ground trauma. Non Toxic. Washable. Reusable.

Cashel® Boomers™ Bandages

Sold as a pair
Colours Navy, Black
Sizes S 12", M 14", L 16"

Cashel® Boomers™ Hock Sock™

Sold as a pair
Colours Navy, Black
Sizes Pony, Full, XL

Affordable and convenient, protective boots. Manufactured by Cashel.

"Fantastic boots! My ten year old horse only wore bandages and was uncomfortable with most of the boots I tried. I recently bought a set of Pro Mesh hybrid boots and they've exceeded my expectations.

I was sceptical about the manufacturer's claim that these boots would stay cool during work, but the inside of the boot really is cool to touch when taken off. They wash very well too. Now that I've tried these, I won't use anything else.

Well done KM Elite!

Carole
Owner of Dancer (Pictured)

VAC's Brand Original 100% made in the USA. Products sold throughout the USA, Canada, and Europe for more than 35 years.

VAC is a family run business who have been making quality bandages and wraps for more than 30 years, using the highest quality raw materials to produce a superior product. The VAC family have continued the work started by their father, Tony Sr., who gave them the simple business principles that continue to work:

- Give the horsemen a well-made, good quality product that does the job
 - Make it from the best quality materials
 - Make it affordable and make sure it holds up
 - Make everything you sell right here in the USA so you can keep the quality consistent
 - Put the family name on it and stand behind it with a 100% guarantee
- KM Elite is proud to offer the VAC range of products

VAC Standing Wrap

Extra wide stable bandages for support, warmth and protection.

Pack of 4
Colours Black, Burgundy, Hunter Green, Navy, Purple, Red, Royal Blue, White

VAC No Bow Wraps

Made from super soft absorbent fleece fabric with a centre of dense sponge-like foam. The exclusive stitching keeps foam from bunching up.

Contours to leg for custom-like fit and will not slip.
Packs of 2
Colours White
Sizes 14" Wide, 16" Wide

VAC No Bow Combi

Now with a new hook & loop fastener design that allows this wrap to go on fast and easy for a snug adjustable fit – perfect for stable or travelling. This also makes an excellent, fast, economical Cold Water Wrap that absorbs perfectly and is easy to apply. Pack of 2.

Colours Black
Sizes 14", 16"

VAC Pro Pillow Wraps

Made of machine washable, woven cotton outer material filled with new extra thick durable poly fibre. Porous material allows air to circulate. New strong stitch design throughout prevents fibre from bunching up.

Sizes 14", 16"

VAC Deluxe Polo Bandages

The original Polo bandage manufactured in the USA for 30 years. Subject to availability
Sets of 4.

Colours Black, Burgundy, Grey, Hot Pink, Hunter Green, Navy Blue, Orange, Purple, Red, Royal Blue, Yellow, Turquoise, White

FLY PROTECTION

KM Elite Fly Mask

- 50% UV protection
- Double Locking elastic closure for extra security, which can be trimmed for a customised fit
- Elastic insert across the poll keeps mask on the horse and positioned correctly
- Made from a grey mesh with black trim

Following customer feedback we have improved our already popular Fly Mask to offer a closer fit using an elasticated insert across the head. This top selling product is designed to offer protection, comfort and durability at an affordable price.

Styles Standard with ears (No Nose) & Long with Ears (With Nose)

Sizes Weanling (X Small), Yearling (Small), Cob/Arab (Medium), Horse/Full (Large), Warmblood (X Large)

Space Mask with Detachable Nose

- Made with flexible but durable materials and offers superior fly protection along with the following additional benefits:
- An innovative spacious design to protect the eyes whilst ensuring an optimum fit and maximum visibility
- Detachable nose piece with soft, comfortable fleece edging protects from UV and irritation from flying insects
- Large roomy ears for a soft, comfortable fit, easily converts to an earless design by cutting above the stitched seam
- Two robust Velcro™ straps, one double locking for extra security
- Made from a grey mesh with black trim
- Sizes S, M, L

Fly Veils

Our high quality, stylish fly veil is made from a polyester yarn with stretchy cotton ears providing a great fit and comfort, while relieving your horse from flies. It is perfectly weighted so it won't move around, distract or cause rubbing. It is available in 5 smart colours to match and is suitable for all disciplines.

Colours Black/Purple, Royal Blue/Silver, Black/Electric Blue, White/Black, Navy/Silver

Sizes Small (Pony/Cob), Large (Full)

Crudsader™ Pasture Fly Mask 70% UV Protection

1 Standard. 2 Standard with ears. 3 Long nose. 4 Long with ears.

Padded Leather Headcollar

Our Primera leather headcollar have been designed with padding over the poll and noseband for comfort. They are made with premium quality leather and durability brass buckles, clips and attachments.

They are full adjustable with buckles on both sides of the headcollar and around the noseband.

Colours Havana, Black (white contrast stitching in Cob & Full)

Sizes Pony, Cob, Full

Argentinian Style Headcollars

Our high quality Argentinian headcollars add style and colour to your equipment. Double and triple weave lined nylon for durability with nickel clips and a solid nickel throat lash clip.

The KM headcollar has a wonderful soft padded head and nosepiece for optimum comfort for your horse.

Colours Sapphire, Blush, Black Tartan, KM Elite Original

Sizes Small (Pony), Medium (Cob), Large (Full)

London Tan Headcollar

Our stylish London headcollar has been made with the highest quality leather for comfort and durability. The tan leather compliments the platinum material.

It is shaped around the poll and the ears with an extra wide poll fitting filled with soft touch material to protect the poll if the horse should panic when travelling.

Matching Leadropes

Colours Black, Navy Blue, Purple

7ft Double Braided Nickel Clip lead ropes

6ft Poly Nickel Clip lead ropes

KM Elite 6ft Premium Cotton Leadrope

Our Premium leadrope is made with a medium braided cotton and is fitted with a trigger clip.

Colours Black, Red, Royal Blue, Purple, Navy Blue

Be Nice Halter

The Be Nice Halter is an excellent and humane training device. The halter works on the simple principle that when the horse resists, pressure is automatically applied and when the animal begins to co-operate, the pressure is automatically released. Therefore, it is not just a restraint, but a very effective training device as well.

Sizes XS – Weanling/Small Pony
S – Yearling/Large Pony,
M – Arab/Cob
L – Average Horse
XL – Large Horse
XXL – Warmblood
Draft – Small
Draft – Large

Controller Halter and Stallion Ring

This controller halter is suitable for stallions and difficult, strong willed horses. Made of steel for extra strength.

Ezyloader

The Ezyloader is an innovative head collar adapter which simplifies loading reluctant horses into horseboxes and trailers. Following research and development, in conjunction with horse transporters and a specialist equine vet, the simple adapter works using pressure when a horse pulls back or rushes forward, but releases to reward steady forward movement.

The Ezyloader conveniently and quickly attaches to a regular head collar and lead rope. It can also be used as a schooling aid, not just for loading reluctant horses, but for horses who might be bargy during leading and turning out.

Colours Black
One size fits all

KM Elite Grazing Muzzle

Padded Grazing Muzzle that helps limit grass intake. Pliable, field tested rubber for added comfort makes the muzzle softer yet tougher. Padded head strap for extra comfort. Fully adjustable.

Sizes Small Pony, Large Pony, Cob, Full, XL

KM Elite Everyday Rope Halter

Our high quality everyday rope halter comes in two colour-ways: Black & Grey, Purple & Lilac

Mikmar Combination Bit

The Mikmar Combination Bit is highly acclaimed worldwide for its versatility, unique design and excellent results. As the rider applies pressure to the reins, this unique design disperses pressure to the nose, mouth, chin and poll areas. Designed to protect a horse's mouth and at the same time get desired results sending a clearer signal to the horse, allowing the rider to use a softer hand.

Sealtex Latex Bandage

The self-sealing bandage. Ideal for wrapping bits.

Cashel Foam Equine Ear Plugs

A pair of foam corks which fit safely in your horse's ears to aid in clipping, bathing and show ring use.

Colours
Black
Sizes S, M, L, XL

Miracle Collar

The Miracle Collar stops cribbing humanely and effectively.
Sizes S, M, L

Miracle Collar Fleece Covers

Adds cushioning and comfort to the miracle collar. Constructed from soft maize fleece.

SADDLECLOTHS
AND LAMBSWOOL

DISTINCTION RANGE

KM Elite High Wither Half Pad - Spine free

Made from 100% Merino Lambswool. The new clear spine which is swept up at the wither, relieves pressure on the spine and allows air to flow giving an optimum fit with a functional design. Can be used in conjunction with a saddle cloth.

Colours Black & Natural, White & Natural, Black & Black, Brown & Brown

Sizes S (16"-16½"), M (17"-17½"), L (up to 18")

Spine free

Adaptor Pad

Our new adjustable saddle pad is made from the same 100% Merino Lambswool (which is tanned using no harmful chemicals) and our signature 100% cotton quilted fabric used for all of our Distinction range.

There are 6 exterior pockets to allow the rider to personalise the pad to suit their own saddle - 3 either side, front, middle and back providing maximum coverage and helping to relieve back problems on pressure points. The protective cushioning under the tree points doesn't compromise the fit of the saddle.

The shims can also be purchased separately if required.

(Medium to fit 17-17.5" saddle, Large to fit up to 18" saddle)

Medium and Large White/Natural

Large Black/Natural

Durable Impact Foam

KM Elite Shaped Dressage Girth Sleeves

Brand new shaped girth sleeve offers a closer fit and 100% Merino Lambswool edges to protect from rubbing and chafing. KM Elite cotton quilting on the reverse with adjustable elastic and Velcro™ straps.

Borstiq Brush Range

The Borstiq range includes beautifully shaped, quality brushes made in Sweden, ergonomically designed for ease of use and extremely light to hold.

Borstiq Banana Brushes

Wooden backed. The Banana Brush is available in a choice of 3 bristle options:

Bassine natural brushes for the Dandy brush

Polypropylene bristles for the Medium finish

The softest horse hair bristles for the Finishing brush

Borstiq Banana Brush Kit

Banana: Fine, Medium, Dandy Medium Ergo Hair/Massage Brush

Hoof Pick with Stud Spanner Hessian Bag

Medium Ergo Hair/Massage Brush

Made from hardwood with ergo shaped handle and wooden pegs for bristles. Great for massage and on manes and tails. Also suitable for grooming cats and dogs.

Hoof Pick and Stud Spanner

A neat little dual purpose tool with leather hanging thong.

Natural Hair Body Brush

A high quality traditional body brush made with two types of natural horsehair bristle. Beechwood backed with an adjustable leather strap with metal buckle. Medium / Large

Small Body Brush

Made from two types of natural horse hair bristle, but small in size for children or as a handy brush for using around the head.

Large Mane/Tail Massage Brush

This large paddle type brush is made from hardwood with 'wooden' pegs. This is a great multi-use brush for both massaging the coat and for manes and tails. Comes with a hessian strap on the back and a leather loop for hanging the brush. Antistatic function.

Goat Hair Brush

These brushes are made from the softest goat's hair – a quality brush that your horse will love. Use as an overall finishing brush. Available in Medium and Large. Webbing-strap to make it comfortable to hold. A fantastic brush for professional horse care and for final finish.

Sizes: S, M, L

KM Elite Champion Black, White & Bay

A professional concealer used to cover marks, last minute stains, scars and stray hairs, or to add definition to legs. To use, spray directly on to the coat or apply using a soft cloth, allow to dry for a few seconds, then brush off any excess. Champion Black, Champion Bay and Champion White dry to a matt finish. When dry, to enhance the shine on the body, sparingly apply a top coat of Champion Sparkle & Shine.

The ultimate showing and whitening products
Ideal for last minute show touch ups

Covers blemishes, marks, scars, stains and stray hairs

Champion Black and Champion Bay add definition to dark legs

Champion White whitens socks and eliminates yellow staining

KM Elite Champion Sparkle & Shine

Provides an all over glossy shine to your horse's coat, neck, plaits and quarters. It will enhance and sharpen any points, enriching the depth of colour and shine, resulting in the ultimate professional finish. Will even put a glister into a grey's tail. Quick and easy to use in final preparation. Excellent for 'fixing' quarter markings.

KM Elite Champion Highlighter

A clear facial highlighter which illuminates, enhances and defines eyes, muzzle and bone structure giving the finishing touch to show ring turnout. Creates an eye catching glister and glimmer. A little goes a long way.

Accents eyes and muzzle, highlights facial bone structure

Contains sunscreen

Mex Fibre Flick Brush

A multipurpose brush with 50mm long Mexican fibre, allowing deep grooming. Shaped for ease of use. Firm natural bristles.

Metal Curry Comb

The traditional, original curry comb is back! So easy to use when cleaning off body brushes.

Oster Kits

7-piece grooming kits. Specially designed tools make grooming a pleasure, kits include: Mane and Tail Brush, Stiff Brush, Coarse Curry (Blue Kit), Fine Curry (Pink Kit), Soft Finishing Brush (Blue Kit), Face Grooming Brush (Pink Kit), Mane and Tail Comb, Hoof pick, Bag
Colours Pink, Blue

Oster Curry Combs and Brushes

Coarse: Coarse durable fingers, specifically designed to remove dust, dirt and crust from your horse's coat. Fantastic for shedding out that winter coat and bringing out a gleaming shine.
Fine: Remove dirt and hair from the most sensitive areas of your horse's face and legs with this fine fingered comb.
Face Grooming Brush: Specially designed for small and sensitive areas, and an easy grip handle will give your horse a comfortable groom.
Horse Hair Finishing Brush: Sturdy, easy to handle brush with soothing, natural soft bristles. Wonderful for bringing out your horse's natural oils for a shiny, healthy looking coat.

Hoof/Bucket Scrub Brush

Ideal for naturally kept horses. Made from bassine, a naturally coarse fibre, this brush is tough and great for using on dirty feet and perfect for scrubbing out buckets. It also has a leather loop for hanging the brush.

Hoof Oil Clipper Brush

Ideal for applying hoof oil or cleaning your clippers.

Barefoot Hoof Pick and Brush

Designed to get stubborn grit and dirt out. Ideal for barefoot horses. Two grades of brush. Stiff side for grit, softer brush for legs.

Stubby Hoof Pick Brush

Ideal for applying hoof oil or cleaning your clippers.

Oster Mane and Tail Brush

No more broken or pulled out hair with this gentle mane and tail brush.
Colours Pink, Blue

Oster Mane and Tail Comb

Easily removes tangles from your horse's mane and tail.
Colours Pink, Blue

Oster Hoof Pick

A strong, steel hoof pick with comfort handle.
Colours Blue

KM Elite Soft Gel Mane and Tail Brushes and Hoof Picks

A specially designed comfortable handle and face lets you wash your horse's mane and tail, and pick feet out, with ease.
Colours Grey, Purple

Tubtrug Hoof Pick

Non-slip safety grip with integrated brush. Long lasting strong metal pick and hook hole in handle.
Box of 18
Colours Blue, Green, Pink, Purple, Red, Yellow
Subject to stock

SoloComb III

Designed to allow you to trim and tidy your horses mane and tail without the need for painful pulling. Durable design – simple to use!

SoloKit

Solokit uses a clip-on holster and contains:
SoloComb
SoloRake
SoloBrush

SoloBrush

Brush your horse, twist when brush is full and the hair will drop from brush. Twist back again and begin brushing. Hygienic, adjustable, durable and easy to use.

Mega-Tek Rebuilder

Revitalises manes & tails, conditions bare spots. Conditions and revitalises hooves with soft walls and cracks, corrects dry and damaged hooves.
473ml

Magic Brush

A virtually indestructible, multi-purpose brush for horse or dog grooming. Great for cleaning hooves, bodies, shoes and sensitive areas. Easy to wash.
Packs of 3 brushes
Each brush is 16 x 6 x 3cm
Choice of colours available

SoloRake

A unique, double headed grooming rake. As you comb a pet's coat, horse's mane or tail, the rake easily removes hair. They are ideal for shaping, finishing, thinning and creating a hand stripped look.

HorseShave

A safe and efficient way to remove unwanted hair from face and muzzle.
Strips of 12

Smart Tails Grooming range is made up of high quality grooming and trimming products to give your horse the professional competition finish! The trimming products are available in a range of different size and width for different hair types and different areas of the horse. We stock the full range including the replacement blades.

1. Smart Tails Standard

The standard range is a plastic handled tool with a fixed blade. This is a disposable product and tidies 10-20 tails depending on how much needs to be done. These blades cannot be re-sharpened. A full tail can be transformed to a 'pulled' tail ready for the show ring in minutes.

Fine, Medium, Coarse

2. Smart Tails Easi Grip

The Easi Grip yellow handle range takes the same blades as the Professional Range but is finished with a plastic handle making the end price more competitive. For use on horses or pets.

Spare blades available: Superfine, Fine, Medium, Coarse

3. Smart Tails Professional

The Professional range has a wooden handle and a replaceable blade system with a nut and screw on the side of the head to allow the blade to be replaced when blunt, or interchanged with another grade of blade if required.

Superfine, Fine, Medium, Coarse

4. Equi-Shave

Ideal for last minute tidying around your horse's muzzle to take away whiskers and fine hair. Being slightly flexible they bend around the contours of the face. Disposable Scandinavian steel.

Single, Boxes of 50

4. Smart Tails Replacement Blades

Superfine are used mostly for finishing small show ponies or animals with small docks and very fine hair.

Fine blades are mostly used on tidy or fine hair. Great for really thick tails when a show or close finish is needed.

Medium blades are good for the average type of mane, tail or coat, medium to soft hair.

Coarse blades are for thick full tails, manes and thick coats. Will process a large amount of thick hair easily and efficiently leaving a tidy looking finish.

5. Smart Manes

Using the same principle as the Smart Tails rakes, these have a slightly wider blade width of 3" and are brilliant on thick unruly manes, especially on natives and horses which are not going to be plaited. Takes replacement blades and is interchangeable. Choice of two blades: Course-Medium, Medium-Fine

6. Smart Coats

Using the same principle as Smart Manes, these have a wider blade width of 5". Brilliant for removing the winter undercoat. Takes replacement blades and is interchangeable. They do not give a smooth clipped finish but do leave the coat tidy. Choice of 2 blades: Course, Fine

7. Curved Trimming Scissors

8. Double Leg Thinning Scissors

9. Curved Fetlock Scissors

10. Quick Unpick

Makes un-plaiting easy. Ensures the mane doesn't get cut whilst removing plaits.

12. Double Sided Mane Comb

Double sided for plaiting, pulling and quarter-marking.

11. Quarter Marking Comb

Fine metal comb with plastic handle. Perfect size for quarter marking.

13. Velcro™ Cleaner

A Handy tool for cleaning hairs and rubbish from your Velcro fastenings.

14. Thinning Knife

Excellent for giving a mane a level finish without it looking like it has been cut and ideal for fine manes which just need shortening. Blades: Coarse, Fine

15. Clippersharp Fine Clipping Oil

This fine clipping oil is made with bactericide to help prevent cross infection. A gentle lavender scent provided by essential oils gives this clipping oil a pleasant aroma. Suitable for use with dogs, cats, horses and particularly animals with sensitive skin.

Suitable to use with all makes of clipper and blades. 250ml

Ezee Groom

The Ezee Groom is an indispensable shedding tool designed for removing loose hair and dirt from your horse and/or dog without causing any discomfort. Its simple and ergonomic design produces flawless results, rejuvenating even the thickest of coats and thinning out dead and shedding hair quickly and effectively.

Quic

Quic Braid: Mane and tail control spray.

946ml, Refill 64oz

Quic Black: Colour intensifying shampoo for black horses.

946ml, Refill 64oz

Quic Silver: Colour Intensifying Shampoo for Greys.

946ml, Refill 64oz

Quic Color: Colour intensifying shampoo for chestnuts, bays and brown horses.

946ml, Refill 64oz

Absorbine Show Sheen

This non-sticky formula keeps manes and tails tangle-free and can last a full week with one application. Not an oil or cream rinse. Patented silicone formula. Reduces static electricity. Repels dust & dirt. Non-toxic. Spray or refill available. 946ml, 3.8Ltr

Absorbine Hoof Shine

Gives your horse's hooves a magnificent mirror-like finish and dries in less than 60 seconds.

Colours Black, Clear

Orvus Paste

Orvus Paste is a neutral synthetic shampoo and extremely gentle detergent used to clean cattle and horses.

Plaiting Bands

Eliminates tangles, pulling and split ends.

Silicon

Packs of 400

Colours Black, Brown, Chestnut, Grey, White

PRIMERA
LEATHERWORK

KM Elite Training Bridles

Our brand new training bridle has been manufactured using the highest quality Italian leather, it is lightweight not only in feel but also look. Training Bridles come with half leather reins with stoppers. **Sizes** Cob, Full

MATCHING REINS AVAILABLE

MATCHING REINS AVAILABLE

KM Elite Competition Bridles

Our brand new competition bridle has been designed using the highest quality Italian leather, it is lightweight, the crank noseband is padded around the chin for extra comfort. It is available in 2 sizes, colours and stitch styles. In contemporary contrast white stitch. Competition Bridles come with half leather reins with stoppers. **Colours:** Havana, Black **Sizes:** Cob, Full

KM Elite Grackle Bridles

Our grackle bridle is made of the highest quality Argentinian leather with a soft sheepskin noseband. The grackle noseband is easy to fit and fully adjustable. In contemporary contrast white stitch. **Colours:** Havana, Black **Sizes:** Cob, Full

All our leather has been tanned using vegetable oil which increases durability and longevity of the leather and colour.

ProGrip Eventer Reins

The pimple Pro Grip Biothane increases grip, flexibility and comfort when using the reins. **Colours** Havana, Black **Sizes** Childs 16mm - 44" 48" (without stoppers) Adults: 19mm - 54" (with and without stoppers)

These leather reins with Biothane Grip are extremely popular among top riders. The Biothane gives constant grip in all weather conditions and will not stretch or snap under pressure.

Benefits of Biothane
Mould Resistant
Reinforced inner core increases durability but doesn't affect grip or flexibility
Easy to clean
Long Lasting

Smooth Grip Biothane Reins

Our smooth grip biothane reins have been designed for show jumpers and dressage riders, the 16mm size has been a favourite of many top dressage riders - especially when using a double bridle. Without Stoppers. **Colours** Black, Havana Width: 16mm (black only) , 19mm With stoppers **Colours** Black & Brown Width: 19mm

Stirrup Leathers

Soft laminated stirrup leathers are durable without compromising style and quality. The soft leather reduces the risk of marking your saddle and boots. The lamination and nylon core also helps prevent the leather stretching over time. Our innovative concave buckle is lightweight yet strong, and increases comfort for the rider. **Sizes** 48", 54", 60" **Colours** Havana, Black

KM Elite Padded Anatomic GP Girth

Our padded, anatomically shaped PG girth has been designed to allow free movement in the shoulder and decrease the risk of girth galls. The soft padded increases comfort for your horse and our high quality leather and stitching is durable and easy to clean!

Colours Black, Havana,
Sizes 44", 46", 48", 50", 52", 54", 56"

KM Elite Padded Anatomic Dressage Girth

Our Anatomic dressage girth has been contoured to maximise the movement in the shoulder. It is made with super soft leather and elasticated straps for supreme comfort.

Colour Black
Sizes 20"-32"

STRIDE FREE

STRIDE FREE

By PETER HOROBIN SADDLERY

Winx, Longines World's Best Racehorse wearing a StrideFree Deluxe

How the horse gallops under saddle is paramount to the impact of stride length. The research Peter has acquired with Equine Professionals worldwide has allowed him to reinvent the wheel of racing products.

The Stride Free tree is a super strong synthetic 3/4 tree which is extremely flexible and allows the saddle to shape to the horse's back.

Tested for durability and strength the patent designed Stride Free range is designed to give ultimate comfort for the horse while in motion and ultimately can lead to an increase in stride length.

Designed and manufactured in Melbourne, made from top quality leather, both race and exercise saddles are used in training barns and racetracks worldwide.

Peter Horobin Saddlery

STRIDE FREE DRESSAGE SADDLES

SF Elite

The Stride Free Elite is a dressage saddle with the new Stride Free tree, but with the option of knee rolls on the outside of the saddle for that closer contact feel. Knee roll available in two different sizes. The ideal monoflap.

Colour Black (with Grey Stitching)
Size 17", 17.5", 18"

SF Geneva

The Stride Free Geneva is a dressage saddle manufactured using the Stride Free tree, offering optimum comfort for horse and rider.

Colour Black
Size 17", 17.5", 18"

SF Kitzbuhel

The Stride Free Kitzbuhel, inspired by the beautiful town itself in Austria, is built using the Stride Free dressage tree. Ideal for the rider with its unique design and shaped dressage flap.

Colour Black
Size 17", 17.5", 18"

SHOW JUMPING SADDLES

SF Melbourne 2

The Stride Free Melbourne 2 has been specially designed with a close contact fit to allow the rider to feel the horse underneath them and create balance when jumping.
Colour Chestnut
Size 17", 17.5", 18"

SF Melbourne Monoflap

This saddle has been refined for close contact, with the stirrup bar alignment supporting the mobility and forever changing gravity of the rider to suit his or her position.
Colour Brown

StrideFree Equestrian By Peter Horobin Saddlery

Designed and manufactured by renowned Australian saddler Peter Horobin, the Stride Free range are a range of equestrian saddles, which can be adapted to suit the horse's forever changing shape. Fully adjustable on site, these saddles can be custom made to suit horse and rider and include revolutionary technology to allow freedom of movement and stride. With a lifetime warranty on the tree, the design has evolved from over 35 years of study into equine biomechanics to develop a solution not only for the horse but comfort for the rider, allowing women to ride 'pain free'. Stride Free offers closer contact with the horse and the benefits of a correctly fitting saddle. Endorsed by Equine Health professionals worldwide. Talk to one of our Saddle Fitters to arrange an assessment and trial.
All saddles can be Custom made to suit horse and rider
(N.B. 3 Month Delivery time from Australia).
Matching bridles also available.

SADDLE ASSESSMENTS AND TRIALS AVAILABLE BY OUR QUALIFIED & EXPERIENCED SADDLERS

All the saddle cleaning products you need to keep your saddle clean and nourished.
Bense & Eicke Saddle Soap
Bense & Eicke Leather Oil
Bense & Eicke Leather Cream

Stride Free Exercise Saddle

The innovative Stride Free tree design allows freedom of movement for the horse. The tree sits either side of the wither, and flexes with the horse's back. It offers a large load bearing area, increased freedom of the shoulder movement which in turn can lengthen stride.

The seat has extra padding for riding comfort, stainless steel stirrup bars with a safety clip.

Colours Black, Havana, Newmarket

"I have been absolutely blown away by the difference riding in a Stride Free saddle has made to the ride the horses give! They are so much freer in their movement and I can really notice the difference in their stride length!"

Jamie Moore
Jockey

Stride Free Jockey Saddle

This saddle offers a large load bearing area, increased freedom of shoulder movement and can lengthen the stride. The unbreakable tree flexes with the horse's back shape and resists even a car driving over it.

There are 2-4 exchangeable girth billets and an antislip-bottom. Available in black with multiple colour lining choices, 600g+ saddles available with lead-pockets,

4 standard sizes 350-400g / 600-700g / 1000-1100g / 1900-2000g

Please contact our office for size and colour options. Prices change with size/weight

Please note, most saddles will be specially ordered for customers so it may take a couple of weeks to arrive.

AERO 195g

Stride Free Synthetic Exercise girth

Elasticated Atherstone synthetic girth, with softy padding. Colours match Stride Free Saddles. Anatomically shaped to allow free movement in the shoulder.

Colours Black, Havana
Sizes 48", 50"

Equus Race Reins

British made premium quality racing reins. Equus leather race reins have been designed using hard wearing, durable thick rubber for extra grip. The rubber is set back 12" from the bit ensuring grip even when riding short. The reins are stitched with strong, thick thread to reduce the chance of stretching or breaking. They are made with billet buckle bit attached to conform to racing standards.

Colour Havana with Traditional Equus Orange
Size 58"

Kriss Race Reins

These race reins have been developed specifically for racing. The wide rubber grip offers supreme grip in all weathers. The buckle is racing standard. These are also great for eventers going cross country.

Colour Orange/Havana
Size 58"

STABLE AND YARD

KM Elite Extra Strong 40" Deluxe Haynets

Probably one of the strongest, most durable and luxurious hay nets on the market today. The KM Elite Deluxe Haynet is made of polyethylene, steel rings/hooks and other thicker than normal materials, to ensure it will weather harsh seasonal conditions and general usage, year after year.

Hole size 2"

Capacity 6.5kg

Colours Black, Hot Green, Hot Orange, Hot Pink, Navy Blue, Pastel Blue, Purple, Raspberry, Red, Yellow

KM Elite 23" Small

Travel/Pony Haynets

Ideal for laminitic horse or ponies and ideal to keep in your lorry for travelling.

Hole size 1.5"

Colours Black, Hot Green, Hot Pink, Navy Blue, Purple

KM Elite Extra Strong 40" Two Colour Haynets

Hole size: 2"

Capacity 6.5kg

Colours: Black/Hot Green, Black/Hot Pink, Black/Pastel Blue

Jumbo Haynet

Extra strong JUMBO size Haynet 48" with 2" holes

Colour Navy Blue

Elim-A-Net™

Much more than your average haynet! The 'Inner Net Design'™ creates a physical barrier which alters the shape and size of the holes, compared to a standard haynet, to prevent rapid forage consumption and over eating. Elim-a-Net™ is an ideal solution for feeding greedy or overweight horses and ponies, those suffering from/prone to laminitis, as well as easing boredom and helping to alleviate vices in horses stabled for longer periods of time and horses on box rest.

Elim-a-Net™ is suitable for use with hay and haylage.

- Maintaining a healthy digestive system
- Prolonging feeding time
- Eliminating the need for double netting
- Preventing overfeeding
- Less mess
- Cost effective
- Extra strong with metal rings top and bottom

Sizes Horse, Cob, Pony

Colours Black/Green, Black/Red, Black/Blue

KM Elite Bungee Ties

The highest quality bungee ties available on the market today. 23" long, made from 1/2" bungee cord, fitted with a quick-release panic snap one end and a bull snap on the other. Designed so that the quick release panic mechanism can be manually undone, even if the horse pulls back. As always, only ever tie up a horse for short periods, and NEVER leave unattended.

Colours Burgundy, Black, Grey, Hot Green, Hot Orange, Hot Pink, Hunter Green, Navy Blue, Pastel Blue, Purple

Equi-Ping!

Equi-Ping is a safety tether release for horses and ponies.

This new product comes in a range of colours and is a must have piece of safety kit.

Directions for use Simply attach Equi-Ping to the metal ring on your stable wall, horsebox or trailer, then tie your horse's leadrope to it. If your horse or pony panics and pulls back, the Equi-Ping is designed to 'ping' open when a certain stress point is reached to help avoid injury to the horse. The Equi-Pings are designed to be used with all four prongs fully engaged, however if you have a smaller pony or you would like less force to be applied to open it then we suggest you engage only three prongs. The safety mechanism is easy to open and close. Leadropes smoothly slip through the Equi-Ping making for ease of use. It's designed to be re-used.

Colours Black, Blue, Green, Pink, Purple, Red, Yellow

Tubtrug® Shovels

Easy-to-use, lightweight but durable. Ideal for shovelling muck, foodstuffs and even rubble!
Colours: Grey, Pistachio, Hot Pink, Purple, Sky Blue

Tubtrug® Tidee - Equine Speedskip

Lift manure from your stable, field or arena into a wheelbarrow without bending! This item will really help you save on bedding. Perfect for many uses in gardens, farms and stables. The Tubtrug® Tidee comes complete with a rake. Why not match them to your Tubtrug®!
Strong, lightweight and easy to clean.
Colour: Baby Blue, Grey, Hot Pink, Pistachio, Purple

Tubtrug® Multi Purpose Bin 100Ltr

The Tubtrug® Multi Purpose Bin has a capacity of 100Ltr, is robust and very hard wearing. The raised footer means it won't wear through quickly when dragged. Keeps wet things wet and dry things dry. Padlock and chain can be looped through handle to prevent contents spilling if knocked over. Lid clips securely in place. Hard-wearing and sturdy construction.

Tubtrug® 90Ltr Multi-Tub™ Circular or Rectangular

Multi-Tubs™ are an excellent range of large rigid containers. The 100% recycled material will not crack in frost or degrade in sunlight, making them perfect for outdoor use. They are ideal as small ponds or reservoirs. Other uses are hydroponics, mortar tubs, garden wet areas, patio planters, animal troughs, waterfowl paddlers, aquatic plant containers etc.
Colour Black

The Equine Speedskip is a British made product which allows you to perform the mucking out process more quickly and effectively. The rake is the correct length to get the necessary pressure needed to remove the manure whilst minimising the strain on your wrist, elbow, shoulder and back. In a short space of time you will become very quick at mucking out, reducing bedding wastage and saving you lots of time and energy. More time for riding!
Ideal for surfaces such as: Shavings, Straw, Hemp, Paper, Concrete Yards, Grass, Paddocks, Arena Surfaces

Innovative design: Easygrab rake - reduces bedding waste as it is easy to remove only the manure, leaving the bedding intact. Quick and cost effective.

Large skip: Generous sized skip with wide opening for ease of filling, and fewer trips to the wheelbarrow.

Quick and easy to use: Made from robust materials designed to meet a demanding workload. Saves time. Reduces bedding costs.

Easy storage: Keeps the rake with the skip using the Speedskip slot.

1. Original Tubtrugs®

Tubtrugs® have long been a firm favourite with equestrian lovers. Great for all manner of jobs, both inside and out of the stable. Tubtrugs® are resilient, versatile, made from 100% pet safe plastic and can stand up to the toughest and most demanding of punishment that your 4 legged friend can dish out. Also useful for many household jobs such as laundry baskets and for gardening.

Sizes
Micro: 0.37Ltr, Mini: 5Ltr
14Ltr, 26Ltr, 38-42Ltr, 75Ltr
Shallow: 15Ltr, 35Ltr

2. Tubtrugs® Lids

A useful see through rigid lid for keeping the contents of your Tubtrug contained. Also enables you to stack your Tubtrugs.
Sizes S, M (also fits 15L Shallow), L

3. Tubtrugs® General Purpose Feed Scoop

Moulded as one piece for added strength. The handle is on the top rather than behind for ease of scooping and emptying every last drop! Scald with hot water and detergent to clean.
Colours Grey, Hot Green, Hot Pink, Purple

ALL TUBTRUG PRODUCT COLOURS ARE SUBJECT TO AVAILABILITY

Black Rubber Skips

The absolute classic Tyre Rubber product. Super flexible and strong, and heavy enough not to blow away in the wind. For the past 25 years these skips have been the standard by which all other feed skips are measured. It can be rolled on without damage to skip or livestock!
Tyre Rubber won't crack in the frost or degrade in sunlight, and can be scalded for cleansing.
Sizes S,M,L

Tubtrug Drip Feeder

A great toy for horses on box rest, in the field or as a long lasting treat in the stable. Does not roll away too fast making it safer than previous designs of drip feeders. Stimulates natural grazing and can relieve stress and boredom. Made from high quality, food grade material.

1. Future Fork

The world's strongest shaving fork! Long, comfortable aluminium 'D' grip handle, allows a superior work posture, reduces strain on the back. Ultra lightweight (only 0.9kg) strengthened polymer heads with angled sides and rear keeps the load in place.

Colours Red, Green, Blue, Pink, Lilac, Black

2. Borstiq Farmers Broom

Undoubtedly the best stable broom on the market. This broom gives a real flick action and gives the yard a spotless finish. Light to hold and use. 50cm wide. 130cm long nylon black bristles, close set for the best reach.

3. Corn Brooms

This lightweight corn broom is made of 100% natural fibre and is particularly good for sweeping out the nooks and crannies as well as general yard use.

- Child's corn broom
- Original corn broom
- Mega corn broom
- Polo corn broom

Gorilla Broom Heads

The new Gorilla Yard broom has long bristles with a non-clog technology, moulded scraper and recessed socket for a strong handle connection.

Sizes 50cm and 30cm
Colour Grey

The Poly Yard Broom

The new Poly Yard broom has extremely useful and extra-long flexible bristles which enable you to reach into cracks and crevices for a thorough clean.

Size 37cm
Colour Grey

Gorilla Broom Handles

Sold separately so that you can customise your broom as you like. The new style handles are now 50% stronger than before but are still compatible with the old style heads.

Colours Yellow, Purple, Pink, Pistachio

Borstiq Stable Broom Rake

Multi-functional broom suitable for both indoor and outdoor use. Ideal for picking up pet hair from carpets, and particularly good for sweeping on rubber matting. Light to use, telescopic tubular metal handle, fully adjustable and ideal for all arm lengths.

1. Economy Yard Broom

A good all round stiff yard broom.
Sizes 12", 16", 20"

2. Bassine Broom

Suitable for all yard surfaces.

3. Yard Flick

Designed to have a real 'flick' action to give your yard a spotless finish.

Light to hold and use.
Sizes 10", 14"

Snow/Grain Shovel

A large, durable shovel with a 28" ash stem, ABS head and PYD hilt.

Colours Grey, Pink

Yard Broom XL Black Bristles

20" wide head nylon bristles. Wooden handle and steel clamp.
Length 150cm

Future Witch Broom

More effective than a conventional brush. Traditionally made and relied upon for centuries especially for a leaf sweeper, clearing worm casts, spreading molehills and keeping pathways clear of weeds with its ability to probe.

It is especially useful for brushing tiles, patio slabs and sweeping rough surfaces.

Special Shavings Fork

Colours Pink, Purple, Red, Orange, Green, Blue, Black
Bentwood handle 120cm long
Quality plastic head 38cm wide 30 long.

Manure Forks
Four Prong 48"
Four Prong
T-Handle

Self coloured comfortable grip,
lightweight, well balanced with
strong spring steel prongs.
Colours Grey, Pink, Purple,
Sky Blue

McNasty

A powerful anti-
chewing spray.

Absorbine Ultra
Shield

Technically advanced
insecticide and
repellant that gives
ultimate protection
for up to 14 days.
Water-based
formulation has 3
active ingredients
and 2 sunscreens
and scented with
citronella.

REPELS FLIES

K9 ELITE RANGE

Ultimate Oil

A blend of high quality oils which provide more than 190 bio-active nutrients including healthy ratios of Omega 3, 6, 9 and rare Omega 7.

It is perfectly blended for the optimum health, appearance and well-being of your dog. K9 Ultimate Oil has an effective immune boosting formula, with the added benefit of soft-tissue healing.

Size 500ml

Rice Bran

Flax Seed

Sea Buckthorn

Coconut

Ultimate Oil for Working Dogs

Extra strength formula with added rosemary to help aid the immune system and recovery from injury.

Size 500ml

Rosemary

Canine Aloe Vera (Inner Leaf Only)

This high quality juice offers an all round boost to the animal's immune system and well being. It can also work as a tonic for older or run down dogs.

Only the highest grade organic inner leaf of the Aloe Vera Plant has been used in this product.

Some of the reported benefits include

Aiding digestive health

May improve skin hydration, increasing recovery speed from injury

Size 500ml

Aloe Vera

Ultimate Flex

Feline & Canine Ultimate Flex from the makers of Cortaflex offers amazing value for money to

maintain good joint health, and offer vitality for dogs and cats of all ages and breeds.

Size 160g

Ultimate Flex for Working Dogs

Specially formulated for working dogs or animals with more serious joint issues. If your dog is suffering from sore or stiff joints, then K9 Elite Ultimate Flex for working dogs could be the perfect supplement. A combination of premium Cortaflex HA with Superfenn, it provides a natural anti-inflammatory to promote sound joint health. This formula offers a safe and natural alternative to provide your working dog with joint comfort and to support and promote better mobility.

Size 270g

Turmeric

K9 Turmeric Vitality

Used to give support to joints, skin, digestion and the liver. K9 Elite's Turmeric is ready to use and fully balanced, it contains ingredients to help with maximum absorption. The active ingredient in turmeric is curcumin, it is a specific phytochemical and is known for it's effectiveness as:

Anti-Inflammatory

Liver Detoxifier

Antioxidant

Size 450g

"K9 Elite products are fantastic. Toby has always had tummy problems, and since he has been taking Turmeric Vitality he is barely ever having issues anymore! The Ultimate Flex has given him an extra spring in his step and I've noticed such an improvement in him since he's been taking this!"

Jess Martin
Owner of Toby, K9 Elite's sponsored dog

“

My choice is always Formula 1 with Cortaex. It is essential that my horses arrive at a competition in peak condition, and I have noticed a big improvement since introducing formula one into their diet. This feed supplement contains six of Equine America's top performance products in one easy to feed pellet.

Steven Franks
International Show Jumper

**POINT-TWO
RANGE**

Safety Overview

Our vests provide enhanced protection to all the major thoracic and upper abdominal organs. When the rider is unseated or thrown from a horse, the pressure on the lanyard activates the CO2 canister and causes the Point-Two air vest to inflate in under 1/10 second to absorb shock, distribute pressure and support the rider's spinal column.

It also offers support to:

Collar of the neck
Ribs
Coccyx
Vital organs

It even helps to guard against crushing injuries in the event of a rotational fall. When triggered, air vests hold the rider tight for 15-20 seconds and then slowly deflate over 2-3 minutes. While the jacket is inflated, the rider will continue to have full movement of their waist, arms and legs, and partial movement of the head.

Our jackets have been rigorously assessed by leading test facilities across the UK and in Europe to obtain the required safety certificates, and in some cases have exceeded those exacting standards.

Spine Defence

The Point-Two air vest worn alone provides approximately 45% more protection for the lower spine than a Level 3 body protector alone.

Reduce Organ Damage

Reduces the risk of rib fractures and underlying organ damage, by as much as 20%, with or without a traditional body protector.

Chest Impact

In a test scenario (see www.point-two.co.uk for details) the Point-Two air jacket reduced levels of chest compression seen in severe chest impact by more than 55% of those seen during an unprotected fall resulting in a chest impact.

Optimum Protection

Point-Two recommends that the ProAir is worn with a traditional body protector for optimal protection.

CE-Marked

Certified under European Personal Protective Equipment (PPE) legislation.

The Point-Two air jacket almost eliminates the risk of severe and life threatening chest injury for a horse fall resulting in a severe chest impact (in this particular test scenario).

ProAir

- The straps are adjustable on both sides for a more customizable fit.
- Every jacket has a level 1 foam pad behind the trigger and on the opposite side for extra coverage.
- There is also a pocket for a foam pad at the back, giving you the option to add even more spine protection.

Soft Shell

By popular demand, we have created an air jacket that is discreet, stylish and versatile for virtually any activity. The Point-Two Soft Shell is identical to any other soft shell jacket with one major difference - it has the Point-Two airbag integrated into the jacket. A great safety alternative for riders who simply want to look stylish.

Now with a removable airbag liner for the convenience of easy washing at home.

PS-RS Hybrid

The P2-RS is built on the "chassis" of the Racesafe body protector with the added protection of Point-Two air vest technology incorporated into the garment. This vest is approved for use in competitions and endorsed by top event riders.

"I literally owe my life to Point-Two Air Jackets. I had a horrific fall in 2013 and doctors said my air jacket saved my life! I can't recommend them enough!"

Point-Two Canisters

Replacement or extra canister that fits your Point-Two air jacket. Canisters are available as 50cc or 60cc. Please ensure you select the correct one for your jacket type.

- The 60cc canisters fit: Adult ProAir S, M, L, XL / Child ProAir L / P2RS Adult XS, S, M, L, XL / PointTwo Model D.
- The 50cc canisters fit: Child ProAir M, S / Child Hybrid XL / Hippios (all sizes).
- There are two fitment types - SCREW fitting and BAYONET fitting.
- All jackets supplied before 1 October 2012 will be the screw fitting type.

Foam Back Pad

For additional spine protection – fits ProAir and Hunter models post 2012 - Meets EN 1621-2 standard.

Saddle Attachment

Adjustable nylon stirrup strap that loops between the stirrup hooks - complete with 'D' ring.

Bungee Lanyard

"The P2-RS is comfortable and much more convenient than using an air jacket and body protector separately. I feel safe in a Point-Two."

Oliver Townend
International Event Rider

EQUINE AMERICA

Equine America®, the Story!

BRUCE SNIPES:

An extraordinary man from Aiken, South Carolina, USA

Over the last forty years, Bruce has pioneered the development of food supplementation for horses, including the first use of electrolytes and of biotin for hooves. In recent years, he created Cortaflex®, which is now the number one product for joint supplementation.

Cortaflex® is now used by leading riders and trainers across the world and in all equine disciplines, and was successfully tested by the Veterinary Medical Research Centre at Michigan State University in a double blind clinical trial.

In addition to Cortaflex®, a full range of highly effective products for horses, dogs, cats and people have been developed since Equine America® was launched in 1998. All are produced using high quality ingredients and comply with the regulations administered by the UK Veterinary Medicines Directorate and the Food Standards Agency.

Equine America products have been produced to provide nutritional support for health and

performance, and aid in combating the stress of domestic or working life. Equine America products do not contravene current Jockey WClub or FEI rules (as at 7/2011), but it is recommended that individual competition rules are checked in respect of permitted administration at the event.

Constant pounding on artificial, hard or heavy ground is very demanding on joints - even hacking can cause abnormal wear and tear. Feeding a proven joint supplement can help to redress the balance and support healthy joint function.

Chondroitin, Glucosamine or Cortaflex®

Facts about joint cartilage

Joint cartilage is not directly connected to any blood vessels so all the nutrients that the cartilage needs for good health have to be small enough to pass through cellular walls to benefit the joint tissue.

The Cortaflex® difference

Cortaflex® was formulated around the theory that smaller molecules are more likely to be absorbed through cellular walls than larger ones and, therefore, contains the micro sized key active isolates of Chondroitin and Glucosamine. Cortaflex® should not be confused or compared with the many joint supplements that rely on the larger sized Chondroitin and Glucosamine molecules. These supplements generally state that it may take several weeks before there is any improvement in joint mobility.

By contrast, The Horse Journal reported that horses on Cortaflex® showed dramatic results in as little as three days!

Hyaluronic Acid and ASU

Cortaflex® is fortified with Hyaluronic Acid (HA) and ASU for even greater benefit to the joints, particularly those that have experienced excessive wear and tear.

Hyaluronic Acid is a major component of synovial fluid which is essential for providing the joints with lubrication and the cartilage with nutrients. The Hyaluronic Acid used in Cortaflex is of vegetable origin and has a low molecular weight of less than fifty thousand Daltons which is believed to make it readily absorbed, providing Hyaluronic Acid to the joints in a non-invasive way.

Avocado Soya Bean Unsaponifiable (ASU) is a wholly natural substance that in recent clinical trials has been shown to support horses' joints, particularly in older horses and those experiencing heavy work load.

The Cortaflex® Hypothesis is small molecules are more likely to pass through cell walls and into the joints.

Clinical evidence separates the innovator from the imitator...

Cortaflex® is the only equine joint supplement to have been clinically tested in a double blind study of equine tarsal joint movement (pictured below).

The rigorous trial was conducted by the College of Veterinary Medicine at Michigan State University, one of the leading Equine research institutes in the world. Unlike the more subjective research approaches in the majority of equine trials, the study used the most advanced kinetic analysis techniques to objectively and accurately measure the improvement in the horse's gait. These techniques, based on video and force plates, unquestionably proved the improvement in gait asymmetry.

The results were then presented by the author Dr. Hilary Clayton BVMS, PhD, MRVCS, to the A.A.E.P (American Association of Equine Practitioners) and published in the conference proceedings.

Since the trial, Hyaluronic Acid and ASU have been added to the formulation, reflecting the most recent scientific findings of the benefits of these two substances in aiding joint mobility.

CORTAFLEX®

Products that really work!

"My choice is always Formula 1™ with Cortaflex®. It is essential that my horses arrive at a competition in peak condition, and I have noticed a big improvement since introducing Formula 1 to their diet. This feed supplement contains six of Equine America's top performance products in one easy to feed pellet."

DIETARY SUPPLEMENT FOR JOINTS
FORTIFIED WITH HYALURONIC ACID
A MAJOR COMPONENT OF JOINT FLUID
SUGAR • SALT • GLUTEN • SHELLFISH FREE

HIGH STRENGTH

Cortaflex® HA Regular Capsules

Provides Key Amino Acids for Healthy Cartilage and Joint Fluid. With Hyaluronic Acid

Ideal at any age to support the health of every joint in the body against life's daily stresses and strains.

Use to support healthy joints or those with low level stiffness.

60 x 200mg
(two month supply)

Cortaflex® HA Capsules High Strength

Double the Strength of Cortaflex®

Regular Capsules, plus Hyaluronic Acid, a major component of joint lubricating fluid, to maximise the joints with shock absorbing and cushioning properties. Ideal to support hard working joints.

A must for people who exercise regularly, take part in sport and those who have a labour intensive job.

30 x 400mg
(one month supply)

CORTAFLEX^{HA} CANINE & FELINE JOINTCARE

A DIETARY SUPPLEMENT FOR DOGS AND CATS FOR THE MAINTENANCE OF **HEALTHY JOINTS** AS PART OF A BALANCED DIET FORTIFIED WITH HYALURONIC ACID

CANINE & FELINE CORTAFLEX® RANGE

REGULAR STRENGTH

To prolong joint mobility, feed Cortaflex® Joint Care sooner rather than later, especially those breeds with associated weaknesses - even 6 months old isn't too early to start.

A 160g container will last the average dog 120 days, but Cortaflex® Joint Care is more than just a maintenance product. It is also recommended for general care or the management of stiff joints, or to maintain condition after using the Premium range.

Available in 160g

SUPER STRENGTH

Wear and tear can be exaggerated by breed conformation and growth spurts. Feed young animals, especially those breeds with associated weakness, Canine & Feline Cortaflex® as part of their daily routine to support healthy joints for life.

Available in 236ml, 1 Ltr, 120g, 60x200mg capsules

PLUS HA SUPER FENN

We have combined our premium Cortaflex HA with Super Fenn, a natural anti inflammatory, to support sound, comfortable joint health and mobility.

Available 270g

Greyhound Cortaflex® HA

Used by leading trainers/owners - Graham Abel (on Droopys Desailly) and Graham Holland and others. Formulated to assist in the lubrication of the joints that are experiencing hard work.

227g
(3 months supply at maintenance)

Canine Super-Fenn™

A Fast Acting Alternative to Devil's claw

A powerful and natural formulation of nature's most potent anti-inflammatories in tasty crumbles with no known side effects. Use for knocks, bruises and sprains - results are fast and effective.

240g

Canine Inflammex™ Solution

The Natural Alternative for Dogs

Inflammex is a natural alternative with no known side effects. It contains powerful Botanical Extracts which can be used in the initial stages of feeding Canine & Feline Cortaflex® or when extra help is needed. Inflammex can also be used permanently alongside Canine & Feline Cortaflex® for geriatric dogs or long term concerns.

473ml
(94 servings)

Canine Pro-Pell® Solution

An Iron rich liquid dietary supplement to ensure your dog is receiving the necessary vitamins and minerals for health and vitality.

1Ltr

"By feeding Cortaflex to my competition horses I know I am supporting all of their joint health needs with the important component of Cortaflex and Hyaluronic Acid. Joint health is essential when we are training them as athletes as we want them to have long, sound careers."

David Rumsey
Dressage Rider

Buteless® High Strength Solution

A Powerful Natural Alternative

Buteless® High Strength (not phenylbutazone) is a natural and palatable formulation of botanical extracts. Buteless® is a powerful natural alternative that can be used in the short or long term without concerns of side effects. Buteless® was found to be the most effective natural alternative in a study conducted by the highly respected USA field testing magazine The Horse Journal. Sizes: 1Ltr (a two month supply at maintenance), 4Ltr

Buteless® Paste

30ml Paste (3 x 10ml servings)

Equine America Turmeric

Used to give support to joints, skin, digestion and the liver! Equine America's Turmeric is ready to use and fully balanced, it contains ingredients to help with maximum absorption. The active ingredient in turmeric is curcumin (3% which is 3 x more than the minimum requirement), it is specific phytochemical and is known for it's effectiveness as an Anti-Inflammatory, Liver Detoxifier and Antioxidant.

Ingredients added for successful results; Linseed Meal, Calcium and Vitamin E.

3KG Pot - Up to 57 Days Supply!

Kentucky Joint Supplement™

Chondroitin and Glucosamine plus MSM, Vitamin C, Bromelain, Hyaluronic Acid and ASU. Chondroitin and Glucosamine are naturally occurring elements in joint tissue and fluid, while Vitamin C is an anti-oxidant and Hyaluronic Acid is essential for joint fluid quality.

1Ltr
(a two month supply at maintenance), 4Ltr

ASU 6000™

ASU is the latest development in nutritional joint supplements. ASU or Avocado and Soya Bean Unsaponifiable is a natural vegetable extract made from avocado and soybean oils which are believed to slow the production of some inflammatory chemicals made in the joints.

908g
(a 60 day supply at maintenance)

Contains
Avocado Extracts

Glucosamine™ 12,000 Plus MSM, & HA 900g

If it's Glucosamine you want, compare the strength, purity and price to any other Glucosamine product on the market – we doubt you'll beat it.

Contains 12,000 mg of 99% pure Glucosamine Hydrochloride plus 1650mg of MSM per 30 gram loading serving. Feed 30 grams for 30 days and then maintain on 15 grams. With added MSM & Hyaluronic Acid.

Size 908g (60 day supply at maintenance)

Lubric8™ Solution

Hyaluronic Acid is a major component of the synovial (joint) fluid essential for the smooth working of the joints. Lubric8 contains a low molecular weight Hyaluronic Acid for maximum absorption, providing extra lubrication when this is needed.

Lubric8 can be fed alongside Cortaflex® HA for an extra boost to joint fluid.

473ml
(a one month supply at maintenance)

MSM Powder™ and MSM & Zinc Ointment

MSM (methyl sulphonyl methane) is a high quality, bioavailable form of organic sulphur, which is an essential component of connective tissue, cartilage, skin and hooves. Sulphur is believed to have many benefits to the body as it has the ability to pass through cellular tissue with ease.

454g, 400ml
(a two month supply at maintenance)

Super Fenn™ Powder

Super-Fenn Powder (not phenylbutazone). A safe and natural alternative for joint comfort which does not contain Devils Claw or alcohol. For ultimate all round joint mobility and protection feed alongside Cortaflex® HA.

454g
(one month supply at maintenance for average 500kg horse)

Lamigard™ TRT

For Horses and Ponies Prone to Laminitis

A highly effective supplement for the horse or pony prone to laminitis. Used at a high level in the initial stages, and at a maintenance level for long term help, will ensure your horse's feet stay healthy all year round. Contains powerful ingredients to help mop up excess free radicals which settle in the feet, supporting a healthy enzyme level within the hooves, providing nutrients to the internal sensitive structures as well as promoting external hoof wall condition. Lamigard can also be fed to the in-foal and lactating mare.

Feed V-Biotic alongside Lamigard to ensure that key nutritional requirements are met. When used in combination with the liquid Chaste Berry product, No Moore Moods, Lamigard can be beneficial to the horse with Cushing's.

Sizes: Lamigard TRT - 454g (a two month supply at maintenance for an average pony), 908g and 1Ltr. Lamigard XXXtreme Paste 60ml

Super Hoof Powder Plus®

Increase Growth and Improve the Condition of the Hooves

Super Hoof Powder Plus® is a concentrated supplement, with high levels of Biotin, Zinc, Methionine and Sulphur. These 'all active' ingredients work quickly on cracked or damaged hooves, stimulating hoof growth and horn quality. Super Hoof Powder Plus® is also essential for those breeds with slow growing or flat feet.

Sizes: 454g (a one month supply), 908g

Biotin Xtra™ Powder

Biotin Xtra powder is formulated with aloe vera and sea buckthorn to support healthy hooves as part of a balanced diet.

Available in a handy 2kg, resealable bag and a free scoop!

Size: 2kg (40 days supply for average horse)

Hoof Balm™

A blend of natural oils that shine, nourish and protect the hoof whilst still letting it breathe. An excellent moisturiser for dry conditions and a water barrier against wet conditions, whilst providing anti-bacterial and anti-fungal properties.

Size: 500ml
Clear

Hoof Magic™ Solution

Daily protection for hooves against cracks and brittleness. A powerful and fast acting liquid hoof supplement with high levels of biotin and supporting nutrients.

1Ltr
(a 37 day supply)

Progest™ Powder

Pro-Biotic Weight Gain Supplement

The horses' hind gut is full of bacteria which aid the breakdown and digestion of fibre. Stress from training, competition, a change in management, yard or food, can have a negative effect on this, reducing the horse's ability to digest and absorb food correctly.

Progest contains yeast products which aid the bacteria in the hind gut, optimising digestion and, therefore, increasing the nutrients gained from the food. Progest should also be given after any treatment with antibiotics as these will affect the population of hind gut bacteria.

Progest should be fed daily as a course in the situations stated above. However, pro-biotics are considered beneficial to any horse in a domestic situation. In these circumstances, V-Biotic provides a balance of essential vitamins and minerals in combination with Progest, plus Echinacea and Turmeric for a more complete supplement.

908g
(a one month supply at maintenance)

Sand-Out™ 2.6Kg - New Formula

A Digestive Aid for Horses or Ponies Grazing Sandy Pastures

Soil and pasture vary greatly throughout the UK. If a horse grazes on a sandy pasture, small amounts of sand and dirt will inevitably be ingested which, over time, may build up in the gut.

Sand-Out contains multi-active fibre in the form of Psyllium Husks. As Sand-Out passes through the digestive tract, the microscopic hooks on the Psyllium Husks effectively scoop up the sand particles, and along with effective system lubricants, help them to pass through the digestive system.

Sand-Out should be fed for one week each month to horses or ponies grazing on sandy pastures.

A veterinary surgeon may also recommend Sand-Out in other situations, and will advise accordingly.

2.6kg
(4 months day course)

Uls-Gard™

For Total Gastric Health

Competition horses are subject to stress from schooling, travelling and work load. This combined with large amounts of concentrated feed can result in the stomach becoming irritated and sensitive, resulting in a loss of condition and performance. Uls-Gard contains ingredients to soothe and coat the stomach, providing support against these stresses.

Uls-Gard should be added to each feed for all competition horses, and those on high concentrate diets. Uls-Gard can continue to be fed whilst the horse is in competition.

When mixed into a paste, Uls-Gard can be given orally to scouring foals.

1.6kg Pellets
(a 40 day supply at maintenance).
1Ltr Regular Solution, 4Ltr and 20Ltr

"Keeping my horses in top condition is my top priority and Equine America offer a vast range of products that make them my number one choice."

Tim Stockdale
Professional Showjumper

Coff-Less™ Powder

Aids Upper and Lower Respiratory Health - Promoting Clear Lungs and Breathing

Coff-Less Powder soothes the airways, promoting clear healthy lungs, whilst providing support to the immune system.

Coff-Less can be used in the short term to support respiratory health, which can then be maintained using Airways Xtra Strength Powder. However, Coff-Less must be used daily, long term, for those horses with weak respiration, laboured breathing or that have a sensitivity to dust and mould spores found in the air, hay and bedding.

Coff-Less is specially formulated using herbs and natural ingredients including Fenugreek Seed Powder, Kelp Meal, Garlic Powder, Gentian and Mullein Extract for healthy respiratory system and clear lungs.

Coff-Less also contains Glycerine and Aloe Vera to soothe and lubricate the throat, Oil of Eucalyptus to clear the airway, and Echinacea to support the immune system.

908g (a two month supply at maintenance)

Airways® Xtra Strength Powder

Aids Upper Respiratory Health and Promotes Breathing

Airways® Xtra Strength Powder opens the airways and eases breathing. Should be added to the daily feed for horses stabled for long periods or those who are experiencing low level congestion, or irritation from dust in bedding and hay.

For lower respiratory health or laboured breathing, a course of Coff-Less is recommended before maintaining on Airways® Xtra Strength Powder or use Coff-Less permanently for long term concerns.

454g
(a one month supply)

Bleader Gard® Powder and Paste

Essential Support to the Lungs and Blood Vessels

Bleader Gard® should be fed daily to horses in strenuous training and competition and 'topped up' on the day of competition with Bleader Gard® Paste.

908g
(a two month supply at maintenance)

Bleader Gard® Paste

30ml Paste
(3 x 10ml servings)

Ventilator™ Powder

This brand new addition to the Equine America product range is for horses with serious breathing problems. It opens up the airways fast and naturally.

454g
(a one month supply)

Airways® Solution

To Open the Airways Prior to Competition or Hard Work

Airways® Solution is a glycerine-based pre-competition mouthwash with menthol and honey to coat and dilate the airways and encourage maximum airflow.

Airways® Solution is very palatable and will easily pass down the throat and should be administered into the corner of the mouth using a syringe.

473ml
(31 servings)

Pollen Eze

Horses & ponies can be affected by pollen resulting in anxiety, nervousness and discomfort and sometimes head shaking.

Pollen Eze contains a unique blend of natural ingredients & herbs designed to mop up harmful free radicals and to soothe & comfort horses & ponies affected by pollen.

Size 454gm - One month supply at 14g for an average horse.

Better Bones™ Pellets

For Strong, Healthy Dense Bones

The skeleton is the foundation of the body, which provides support, protection for the organs, levers for movement and acts as a mineral store for the body. Bones will naturally adapt to the stress created by work or exercise by becoming denser where loading is greatest. If the correct vitamins and minerals are not available, bones will become weak or brittle, increasing the risk of injury or fracture. In brood mares, if sufficient levels of the bone developing vitamins and minerals are not available, the stores within her own bones will be used to create the skeleton of the foal. If these are not replenished it can cause brittle bones in the mare and lead to growth problems in the foal. Heavy grazing, farming and fertilisation can leave land lacking in these vital elements and providing the correct nutrition for bone strength and development is vital for every horse.

Feed Better Bones in combination with Cortaflex® for the ultimate in joint and bone protection for horses of all ages.

3.5kg (a 62 day supply)

More Muscle™ Solution

For Optimum Muscle Capacity and Condition

More Muscle Solution is a powerful extract of Rice Bran supplement that helps to increase muscle capacity and condition, transforming your horse's 'top line' in a month.

More Muscle should be used in preparation for the show or dressage season, to prepare a youngster for sale, or to provide daily strength to the show jumper, eventer or racer with optimum muscle capacity for maximum power.

Condition can then be maintained using V-Biotic®.

1Ltr (a two month supply)

More Muscle Pellets

908g (a one month)

Tye-Gard® Solution

For Healthy Muscle Function

Fast exercise produces lactic acid in the muscle and as a result, many horses suffer from muscle stiffness or cramps during, or after work, leaving the horses looking 'tucked up'.

Tye-Gard® contains a highly absorbable human grade Vitamin E and Selenium, which are involved in the health of muscle tissue, allowing the muscle to work more effectively at full capacity.

Use Tye-Gard® daily for horses in high levels of training or competition to ensure optimum muscle health.

Sizes: 1Ltr (a two month supply at maintenance), 4Ltr

Contains Strawberry Extracts

Copper-Plus™ Powder

Supplemental Copper and Cobalt

Copper, which is present in all body cells, aids in the absorption and utilisation of iron, for blood cell production. Copper is also necessary for several enzymes involved in vital processes, as well as regulating the normal hair pigmentation.

Horses are very tolerant of copper but over supplementation can interfere with the absorption of zinc and iron. A lack of copper can show as anaemia, poor growth, hair depigmentation, weight loss and some bone disorders.

If you are concerned that your horses are suffering from any of these symptoms, seek veterinary advice, as these symptoms may be a result of a condition unrelated to a copper deficiency.

908g (a 45 day supply at maintenance)

Pro-Pell Plus® Solution

Iron Rich Vitamin and Mineral Tonic

High levels of work and competition can leave some horses feeling 'flat' and without their 'sparkle'. Pro-Pell Plus® is a daily tonic designed to increase energy levels, acting as a 'pick me up' for horses. Its iron rich formulation will provide energy with beneficial vitamins and minerals, leaving the horse fresh and full of vitality.

Pro-Pell Plus® can be fed at a maintenance level, with an increased measure prior to competition.

Pro-Pell Plus® can also be fed to horses that are recovering from illness, and to old horses when they need that little extra boost.

Sizes: 1Ltr (a one month supply at maintenance), 4Ltr

Encourages red blood cell production

Apple Lytes™ Granules and Paste

The Electrolyte for Your Horse or Pony

As horses work and sweat they lose vital electrolytes and mineral salts. At low levels these can be replaced with Sodium Chloride (salt) but, if the horse is in medium to hard work and sweating on a daily basis, an electrolyte supplement must be provided. Without electrolytes, the horse will feel lethargic, and a continuation of this loss is highly detrimental to the horse's health. As the main electrolyte is a salt (sodium chloride) it is important to use a salt based product (not a solution) as it is not possible to suspend enough of the mineral salts needed within a solution. We also advise against dextrose based electrolytes. Apple Lytes is a salt-based product which can be added to the feed on a daily basis. For high level competition and endurance events, Apple Lytes is also available in a handy syringe for instant replenishment of electrolytes. Electrolytes should not be fed to a dehydrated horse - always ensure water has been ingested first, and that the horse has recovered from exercise.

Sizes: 1.8kg (a one month supply at maintenance), 6.8kg, 13.6kg, 30ml Paste (2 x 15ml servings)

Thiamine B1™ Solution

Thiamine B1 is produced in the horse's gut as well as being available in the horse's diet and is involved in the enzyme system that releases energy from stored carbohydrates.

A lack of Thiamine B1 can cause a loss of appetite and reduced energy, and in these circumstances, it may be necessary to feed Thiamine B1.

Thiamine B1 may also be supplemented after the use of antibiotics as they can upset the bacteria in the hind gut where Thiamine B1 is produced.

4Ltr
(a four month supply)

Multivitamins for your horse

Everyday Vitamin & Minerals Supplement

Provides Daily Vitamins, Minerals and Pre-biotics

EV&MS is an ideal addition to any feeding regime providing essential vitamins and minerals and trace elements in a pre-biotic base to support good health and condition. EV&MS provide great value while maintaining top product performance.

EV&MS can be used as an economic vitamin and mineral supplement for horses and ponies in low level work. For optimum overall health and condition use V-Biotic. If your horse is lacking in energy, use Pro-Pell Plus.

1260g
(a six week supply)

Vitamin C™ Powder

Vitamin C is involved in the transfer of iron and is vital to the normal formation of collagen, an essential structure of skin and connective tissue.

Horses synthesise their own Vitamin C and this, along with Vitamin C gained through green leafy forage, is normally considered sufficient. However, your veterinary surgeon will be able to advise if additional Vitamin C is necessary.

908g
(a two month supply)

Bloom And Condition

Equine America's Bloom and Condition contains premium grade vitamins & minerals as well as digestive aids fortified with Echinacea and Turmeric. All specially formulated for optimum health & condition.

Size 908gm - One month supply at 30gm.

V-Biotic® Powder

More Than Just a Feed Balancer!

Super concentrated V-Biotic - a premium grade, broad spectrum product which has been specially formulated to provide the comprehensive balance of essential vitamins and minerals your horse or pony needs, and which may be lacking in their domestic diet. V-Biotic contains Echinacea for the immune system, Turmeric for a healthy liver, highly effective probiotics and powerful anti-oxidants, and the very best ingredients to support bone, hoof and muscle tissue and benefit the circulatory system. V-Biotic will complement any feeding regime without any additional 'heating' effects - feed to all horses daily for optimum health and condition. V-Biotic can help maintain vitality in the older horse and is essential, alongside Lamigard, to the diet of a horse or pony prone to Laminitis. When added to a restricted diet, V-Biotic will ensure the key nutritional requirements are met without the concern of protein or carbohydrate overload.

Sizes: 908g (a one month supply), 3.2kg

Vitamin E & Selenium Powder

Vitamin E has antioxidant properties and Selenium is vital for the maintenance of normal muscle tissue and maintaining the stability of red blood cells and the vascular system. A combination of Vitamin E and Selenium is important for the muscular health of performance horses.

An excess of Selenium is toxic, so supplementation should be considered carefully and the total percentage available in the daily diet should be noted.

For high levels of performance or for horses that are prone to muscle stiffness or cramp - use Tye-Gard®.

908g
(a 64 day supply)

Emune® Solution

Support the Immune System at Times of Stress

A concentrated solution of Echinacea and Astragalus formulated to support the immune system. Recommended when a horse is fatigued or stressed from travelling and competition.

1Ltr
(a one month supply at maintenance)

Encourages white blood cell production

Magnitude™ Powder

For a More Relaxed Horse

Magnesium has many roles within the body including the health of nerve endings and fibres, and a lack of magnesium may show in a horse as tension or nervousness. Magnitude is a highly absorbable form of Magnesium that should be fed daily to horses or ponies to promote healthy nerve tissue and reduce nervous tension.

For very young, excitable or overzealous horses, requiring focus, increased concentration and calming, a product from the So-Kalm Plus Range will be more suitable.

So-Kalm Plus Paste may also be used as a pre-competition addition alongside Magnitude.

900g
(a six month supply)

No More Moods™ Solution

Nightmare to Nice Mare

Hormone imbalances in mares can lead to 'stroppy', unwilling behaviour, sometimes making a horse difficult to handle and resulting in a reduction in performance. No More Moods contains liquid Chaste Berry, a plant which has been recognised for many years for its benefits in supporting correct hormone levels. Use No More Moods daily to turn your 'nightmare into a nice mare'.

No More Moods has also been used successfully on aggressive stallions.

When used in combination with Lamigard, No More Moods can be beneficial to the horse with Cushings.

1Ltr
(a two month supply)

Shaker Gard™ Powder

Head Shaking can Become a Thing of the Past

Head shaking and tossing are problems increasingly seen in horses, possibly as a result of nerve damage or irritation in the nose or head, or sensitivity to pollen or sunlight. In the latter, head shaking may be seen as a seasonal problem, but there are also horses that experience this condition all year round.

Shaker Gard contains an intricate mix of minerals associated with nerve health and powerful anti-oxidants to reduce irritation in the nose and the head.

Shaker Gard should be fed to any confirmed 'head shaker', or any horse showing these signs.

908g

Products that really work!

"Dressage horses need to be super fit and reactive, yet totally focused to do their job well. I feed Super So-Kalm to three of my young horses who would sometimes find it difficult to stay calm and with me during training and competitions. I can honestly say they are happier and more rideable without losing their sparkle."

David Rumsey
Dressage Rider

Super So-Kalm™ Plus Powder & Paste, So-Kalm™ Solution & Paste

Reduce Stress, Promote Calming and Improve Concentration

Horses can experience nervousness and tension before exercise or competition causing them to misbehave. So-Kalm Plus contains a premium grade Magnesium with L-Tryptophan, an essential amino acid associated with the production of serotonin, to calm and focus the horse. Fed daily, this can aid concentration and willingness to work, without removing the edge required for competition. Young horses also have a tendency to be highly strung and distracted, leading to training problems in the future. Feed young horses or horses in their first season So-Kalm Plus to enable them to relax and ensure that their new experiences are good experiences. So-Kalm Plus Paste is a concentrated form for a more rapid effect. Administer 10ml 1 1/2 to 2 hours prior to competition or event or any situation where the horse may become difficult to handle.

So-Kalm Paste 3 x 10ml, So-Kalm Solution 1Ltr
Super So-Kalm Paste 3 x 10ml, Super So-Kalm Plus Powder 908g for daily use (a one month supply at maintenance) or in an easy-to-administer 30ml paste (3 x 10ml servings), which is ideal for travelling and pre-competition

"I have used Formula 1 Plus Cortaflex for a few months now and have seen a huge improvement in the way my horses perform! I also enjoy how easy it is, at feeding time, to give six supplements in one go!"

Tintin
Eventer

Formula 1™ Plus Cortaflex®

The Ultimate Competition Supplement

When competing at top level, it may be necessary to have a variety of supplements to aid performance. However, many different supplements can be costly, and consume more time and space. Formula 1 solves this problem by combining six of Equine America's top products into one easy to feed pellet, to simplify feeding and reduce cost whilst providing maximum benefit to the performance horse.

Formula 1 contains – Uls-Gard, ProPell Plus, Better Bones, More Muscle, V-Biotic - Plus Cortaflex®.

"Formula 1 is the best product I have made for competition horses in my 50 years in this business, outstanding results will be seen in a few weeks." Bruce Snipes

Sizes: 3.6kg (a 36 day supply), 18kg

Hemogen™ Solution

The Ultimate Blood Tonic

Blood transports oxygen and nutrients around the body - the more blood cells, the more oxygen and nutrients are available to the muscles and tissues, enabling the horse to work harder and for longer. Hemogen contains a specialist and highly absorbable form of Iron, essential in the production of red blood cells, supported by B vitamins and accompanied by active water soluble vitamins and minerals to maximise energy and stamina.

Feed daily at maintenance level for horses in training or competition, and increase this for five days leading up to a race or event.

Hemogen can also be used to benefit the anaemic horse, followed on by ProPell Plus®.

1Ltr
(a one month supply at maintenance)

Encourages red blood cell production

Kidney Flush™ (formerly Dye-Retic)

Encourages a healthy fluid balance in the body

We advise using Equine Kidney Flush once a week to reduce fluid retention and keep kidneys flushed and healthy. Kidney problems are sometimes misdiagnosed as back problems, when a problem is suspected we recommend a 3 day kick start followed by a weekly maintenance.

Do not feed to pregnant mares.

1Ltr (31 servings)

Liver Flush™ Solution

Liver Flush solution is a unique combination of natural ingredients to support the vital functions performed by a healthy liver.

Liver Flush Solution will help to protect the liver cells and support the liver processes relating to digestion, metabolism, and the storage of important nutrients, tissue regeneration and the reduction of toxins from the horse's body.

473ml
(31 x 15ml servings)

DMG™ Solution

A performance enhancing supplement that encourages and supports energy levels and aids recovery through improved oxygen transfer.

1Ltr
(a one month supply)

Hemo-Flex™ and Hemo-Flex™ Plus Solution

Hemo-Flex is a combination of Cortaflex® for flexible joints, Tye-Gard for healthy muscles, and Hemogen for optimum blood levels.

Sizes: Hemo-Flex 1Ltr (a one month supply at maintenance), 20Ltr
Hemo-flex Plus 4Ltr

Products that really work!

Herbolic® Solution

Appetite and Attitude Booster

When training or competing, horses may lose their appetite and become shy and withdrawn. Herbolic is a powerful 'pick me up' that quickly puts the horse back on their feed, revitalises them and restores the will to win. A bottle of Herbolic will be an added benefit to any racing or top level competition yard.

1Ltr
(a two month supply at maintenance)

Xtra Boost™ Tonic

Contains a premium grade of Iron & B Vitamins in a palatable liquid, specially formulated to rapidly increase energy & vitality.

Size 1 Ltr - One month supply at 30ml for an average horse.

Xtra Boost™ Paste

A Pre-Competition Boost

Horses benefit from an extra shot of iron and B vitamins just before competition. Xtra Boost is a handy three dose syringe to be used prior to competition to increase energy and maximise performance.

30ml Paste
(3 x 10ml servings - a three day course)

Blackdraw™

Blackdraw, containing Ichthammol, can be used as a topical application or hoof draw.

A favourite with farriers and vets in the USA.
400g

Equi-Lin™

For Muscles and Limbs after Exercise

An invigorating, aromatic solution containing Menthol, Oils of Cedarwood, Worm Wood, Spike, Thyme and Rosemary to soothe muscles and limbs. Equi-Lin, when mixed with water, creates a stimulating and refreshing 'all over' wash for muscles and limbs following strenuous exercise. Contains no Camphor.
4Ltr

Derma Gel™

Protection and Skin Care: The number one herbal skin hydrogel, for intensive and rapid skin care, plus a protective barrier effective against foreign contaminants. Derma Gel provides and maintains a moist epidermal environment with the ability to help clean and deride necrotic tissue, encourage natural hair re-growth and maximise skin smoothness. Available in a spray, ideal for very sensitive areas, and as a gel in a tube which keeps Derma Gel free from contaminants and spillage.

Derma Gel does not contain steroids and is completely safe to use on a mare in foal and competition horses.

50ml Spray, 100ml Tube

Citronella Summer Horse Spray™

An effective coat conditioner containing Lanolin and Aloe Vera with essential oils including Citronella, Eucalyptus and Cedar Wood.

Horse Spray will leave your horses coat and skin healthy and supple with a pleasant Citronella aroma.

1Ltr and 4Ltr

Magic Mud™

External

Wet and muddy conditions can cause the hooves and legs of your horse or pony to be vulnerable to bacteria and fungus. Magic Mud is a safe and soothing anti-fungal and anti-bacterial cream than can be applied regularly to the skin for healthy hooves and legs.

400ml

Mouth & Bit Balm

Skincare

A blend of highly palatable and natural essential oils, butters and waxes which moisturise and heal dry, cracked, hard and calloused areas of your horse's mouth, encouraging acceptance and comfort of the bit and helping young horses to mouth.

Sizes:
14g, 100g

Insect Guard Stable Spray

Create a fly free environment for your horse with Insect Guard Stable Spray. Spray around the stable or barn or on rugs to protect against and repel flying insects and mosquitoes for up to 45 days!

946ml

KILLS FLIES

Thrush Clean

For cleansing areas of horses' hooves

Use the flexible nozzle to insert and rub the gel into the required areas.

30ml

Like Ice®

Cooling After Exercise

Sorboplex™, the special ingredient in Like Ice®, begins working on contact to tighten and cool hot, tired legs after strenuous exercise. The 24-hour kaolin base cools the leg, while Aloe Vera and Melaleuca soothes and moisturises.

Like Ice® washes off easily, making it ideal for the busy yard.

2.7kg, 11.3kg

Miracle Hoof Grow™

A topical preparation to promote rapid growth of horses' hooves. Use along side Hoof Power Plus® for optimal horn growth and condition.

156g

Soreless™ Liniment

A stimulating leg brace

Soreless Liniment is made with natural herb extracts and Witch Hazel. Unlike some other liniments, Soreless does not contain Comfrey, which has been banned by the US FDA (United States Food and Drugs Administration).

Effective, gentle and safe for sensitive skins.

1Ltr

Green Ice™ Gel

A soothing, cooling, easy to apply gel for 'tired' limbs.

1Ltr, 2.5Ltr

The effects that mud and rain can have on the horse's skin can be distressing for both horse and owner. The Fungatrol Range with its powerful anti-fungal and anti-bacterial properties will condition and protect your horse's skin against all of the elements.

1, Fungatrol™ Leather Soap

This easy to use spray saddle soap cleans, softens, conditions and preserves leather. Fungatrol Leather Soap contains anti-fungal and anti-bacterial agents to reduce germs passed from one horse to the other via tack and also stops mould from building up when tack is unused.

946ml

2, Fungatrol™ Shampoo

Washing with water and soap or water alone can strip the skin of its natural protective oils.

Fungatrol Shampoo can be used to wash the whole horse or individual areas, protecting the skin from bacteria and fungus. This powerful lathering shampoo is a great start to the Fungatrol programme. For best results, leave 20 mins before rinsing.

473ml

3, Fungatrol™ Spray

A 'leave on' water-based spray containing anti-fungal and anti-bacterial ingredients with added coat conditioners. After washing the horse with Fungatrol Shampoo, spray all over to maintain healthy supple skin.

360ml

4, Fungatrol™ Cream

After the legs have been washed with Fungatrol Shampoo, scabs have been removed and the area dried thoroughly, smear on Fungatrol Cream, which will condition and protect the skin from bacteria and fungus.

400ml

5, Fungatrol™ Moisturiser and Anti-Fungal Hoof Dressing

Goodness not Gloss

A hoof dressing that conditions the hoof and encourages healthy growth, while allowing the foot to breathe and absorb water naturally.

Provides an anti-fungal and anti-bacterial barrier for all-year-round hoof protection.

473ml

1, Super Groom Citronella Shampoo

A fragrant shampoo with citronella oils which is gentle on the skin and will leave your horse with the aroma of lemon zest.

1Ltr, 4Ltr

2, Tea Tree Shampoo

With Melaleuca and Aloe to soothe, moisturise and cleanse, ideal for horses and ponies prone to sensitive skin.

1Ltr, 4Ltr

3, Equine Shampoo

For head to toe cleaning at great value for money.

1Ltr, 4Ltr

REPELS FLIES

Sheath Cleaner

The natural solution for thorough cleansing of the mare and stallions genitals, and between the teats of the mare's udder.

This specially pH balanced formulation of Australian Tea Tree Oil and gentle cleansers is ideal for routine washing and removal of accumulated body oils and dirt.

Ideal for use on the mare or stallion at stud.

473ml

Super Groom Waterless Grooming

Removes stains and highlights white markings - producing show ring shine without washing.

A non-silicon, non-slip, non-static formula, making it an ideal 'all over' grooming aid.

Available in 473ml.

Super Groom Mane and Tail

For a shiny tangle free mane and tail and a conditioned coat with a show ring shine.

473ml

Super Groom Whitening Shampoo

A whitening and colour enhancing shampoo with optical brighteners, moisturisers and conditioners that naturally highlight the coat, bringing out the brilliance in light coloured coats, leaving white socks whiter than white, and darker coats with a deep rich colour.

473ml

Silky Tail Untangler

Mane and tail conditioner - 100% silk with added lemon grass and coconut extracts.

Non greasy, provides every day protection.

750ml

Fly-Repel Spray™

Now available in 750ml and 2Ltr Refill sizes

New improved formulation which contains Lemongrass Oil, Tea Tree Oil, Lavender Oil, Citronella Extract and Ethyl Buthanol.

Sizes: 750ml, 2Ltr

REPELS FLIES

Fly-Repel Gel™

500ml

Citronella Summer Horse Spray

Now available in 1Ltr and 4Ltr Refill sizes

Coat conditioner containing Lanolin and Aloe Vera with essential oils. Leaves your horse's coat and skin healthy and supple with a pleasant aroma.

Sizes: 1Ltr, 4Ltr

REPELS FLIES

Equine America After Work Wash'n' Rub

Equine America After Work Wash and Rub is the perfect product for muscles and limbs after exercise.

Size 500ml

Sooth-Itch™ Cream

Relieves itching, aids healing, soothes, encourages natural hair regrowth and acts as an effective fly repellent. Can be applied directly to horse or pony skin. Highly recommended for sweat itch, is completely natural.

500g

Stinger Fly Spray

Targets all flying insects, can be effective for up to 7 hours.

Size 1Ltr
